## MASTERPIECE

The **MASTERPIECE** finish is one of our finest for wall portraiture. This finish will resemble a fine painting on canvas with the likeness only a photograph can capture. The Masterpiece is bonded to artist canvas then mounted to museum board or masonite. A clear lacquer finish is applied to the portrait to preserve and protect over the many years you will enjoy it.

## CLASSIC

The **CLASSIC** portrait is our most popular finish. It is bonded to ridged gatorfoam or masonite. Custom printing and delicate artwork reveal the inherent brilliance of the portrait. A clear UV protective lacquer is applied in Smooth, Textured or Brushstroke. Portrait can be framed without glass. Basic retouching is included.

## GALLERY

The **GALLERY** portrait is mounted on art board to protect the photograph and keep it from bending. Your portrait is ready for framing and display. Portrait print must be under glass. Minimal retouching included.

## CONTEMPORARY

The **CONTEMPORARY** print is moderately priced and comes in an attractive Ebony folder with gold trim. It is unmounted and unretouched. Portrait must be under glass.
